Item# 6680

Item# 4430

Post Caps Made to Size

The Sedona

A handsome yet economical
solution for preserving your
deck posts end grain.

The Tiara

Handmade & designed to
accommodate those irregular posts.
Especially handsome once the
Copper has achieved a rich patina.

The Cobre

Hammered by Hand
& antiqued without
chemicals. Available in all
diameters & depths.
Just beautiful!

The Denali

Handmade with soldered
corners. Designed to cover posts
with that 45° chamfer. Drops 1/2"
on your posts.

Weathered

Rectangular

4" x 6"

3 1/2" x 3 1/2"

Top Locking Plate

Secures the Spider Nut
on the settling jack &
support post for a more
stable connection. Not
rated for uplift.

Item# 5050

Copper Kickplates

The soft, subtle look of Copper will
enhance any door. Shown with StayBrite
application. Brass screws & holes included.
Custom sizes on quote basis.

StayBrite Lacquer

Indoor or outside, Staybrite
seals in the natural beauty &
luster of Copper or at any
patina stage you chose.

Railing Wrap

The ONLY sure fire way to
protect your Top Rails from
damaging UV exposure &
penetrating moisture. Now at
an affordable price.

A simple solution
to keep
your mailbox
safe & sound.

PlowProof Mailbox Hardware Kit

Custom Sizes Available
All Caps Made on the 1/4"

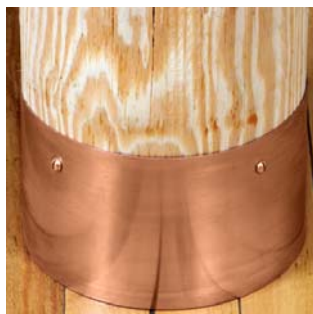

Roof Vent Sleeves

Instant makeover for
those unsightly
PVC waste pipe
vents. Fits over
existing PVC &
accommodates the
rubber boot.

Jack-Wrap®

US Patent 6941710 B2

An attractive transition at the base of your
support posts for concealing settling jacks
or other eye sores. Easy installation.
Hardware & instructions included.
